

小孩不笨 2 – 一位校長的分享

小孩不笨 (2) Highly recommended !!!

I am sure most of us have watched the movie "小孩不笨" I Not Stupid years ago. Last Saturday I was invited to watch 小孩不笨 (2), a film about three boys and how they cope with their parents/teachers who don't understand them.

小孩不笨 (1) dealt with primary school kids and their problems while 小孩不笨 (2) shifts its focus to teen concerns, such as underage smoking, gangs, and rebellion against authority. The film also sparks off debates and questions about Singapore treatment of its teenagers and young kids. A single wrong move can result in a lifetime of regrets.

The film is definitely multi-faceted, insightful and highly entertaining!! I was moved to tears several times as I watched it. The kids are really Not Stupid. A good dad/mom/teacher holds a special key which opens their minds and touches their hearts...

I will recommend it to the whole school. Every principal, parent and teacher MUST WATCH IT!!!!

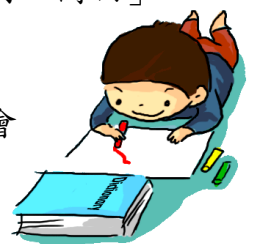

節錄：賞識你的孩子

與莎士比亞、牛頓、愛因斯坦一樣，每個孩子都(可能)是天才，宇宙的潛能蘊藏在每個幼小的生命中。

不會開發孩子的巨大潛能，是教育工作者的失職和人類自身的遺憾。

孩子的成長道路猶如跑道和戰場，父母應該為他們多喊「加油」高呼「衝啊」，哪怕孩子一千次跌倒 也要堅信他們能一千零一次站起來。

孩子的心靈是否舒展才是教育成敗的關鍵。心靈舒展的孩子必然會歡樂而輕鬆地飛，心靈壓抑的孩子只能痛苦而緩慢地爬。

賞識導致成功，抱怨導致失敗。不是好孩子需要賞識，而是賞識使他們變得越來越好；不是壞孩子該受抱怨，而是抱怨使他們變得越來越壞。

賞識教育的特點是注重孩子的優點和長處 — 小題大作、無限誇張，逐步形成燎原之勢，讓孩子在「我是好孩子」的心態中覺醒；而抱怨教育的特點是注重孩子的弱點和短處 — 小題大作、無限誇張，使孩子自暴自棄，在「我是壞孩子」的意念中沉淪。

賞識教育的奧秘在於讓孩子覺醒，每一個生命覺醒的力量都是排山倒海、勢不可擋的。

" When love and skill work together... Expect a MASTERPIECE! " YEAH!!

Cheers

後記：

校長於5月20日出席觀塘家長教師會聯會安排的首影會，電影值得父母及教師一看，從而反思自己是否只從「我」的角度看，而忽略了孩子的感受。

惟電影過於強調父母、老師的不是，學生看了，總會有共鳴之處，或會引發更多負面情緒，需加以輔導方能帶出正面的教育訊息。
